#### 4. MANAGEMENT POLICY AND OBJECTIVES

The Management of EID Electrònics makes public, through this document, the Group's GS Policy for the knowledge and compliance of all the employees that make up its organisation.

The GS Policy, associated from the beginning with our corporate culture, is instrumentalized in the following actions :

- Establishing and maintaining an effective management system, applying continuous improvement in the optimisation of the company's processes and activities, and guaranteeing the satisfaction of the expectations of the interested parties in all the services provided.
- To develop services with state-of-the-art technology, which requires us to constantly search for new solutions that incorporate the latest existing applications.
- Preparing each person to promote responsibility, personal development and integrity, creating open communication in a climate of mutual respect and trust that encourages motivation and teamwork.
- Assume the commitment to comply with all legal and regulatory requirements that affect our business and especially our services.
- Management is committed to providing the human and material resources necessary to ensure the training of staff in quality requirements, facilitating their participation in the interpretation and compliance with the documentation provided by the SG.
- Establish and annually review the quality objectives and the resulting management programme so that they are quantifiable and directly related to the context and strategic direction of the organisation.

This policy is implemented by the SG of EID Electrònics developed in accordance with the requirements of the reference standards. The policy is reviewed periodically to ensure its continuous adaptation.
